Hi,

With Over **8+ year experience** under Web development field with full project management. I am PERFECT candidate for your project.

My Primary Skill set includes : **ASP.Net with MVC and Angular, HTML, CSS3, JavaScript, JQuery, WCF, Echo Sign, SSRS reports, Crystal Report, RDLC Report,**
SQL Server-2005/2008/2012 based development.

Apart form above skill, **1 Years 7 Months experience in Microsoft Dynamic CRM 2013/2015 (Workflow/Plugins/Web Resources/SSRS reports/Customization/O data Query/Custom Utilities/Security Roles)**

- **Recently, cleared MVC Certification (70-486) April 2019**.
- **Cleared Microsoft Dynamic CRM Application Certification 2016.**

Worked with Banking/Financial and Education domain in my last experience. Due to NDA, unable to share confidential projects urls.

Some sample urls are below.

1: CubeCare Hospital Maintanace Application
2: ANZ Self Service (Australia NewZeland Bank/CoreCard) for online banking
3: NJ Tech Council - NJ Tech Council (Back End Portal)
4: Distribution Desk
5: Payroll and Time/Vacation Management system

Other project can discuss during interview if needed.

Developing a good rapport and regular communication is important to me .It ensure the project is completed to the specific guidelines required.

I pride largest quality on providing the highest quality of work and will never complete a project until the client is 100 % satisfied.

Thanks
Vinod Parmar (Microsoft Certified Professional)
